

Block 26 – Revelation 8:7

Tips for Block

Four of the trees should be black. One third of the circle should be black. The "grass" should be red or brown. To make the "hail and fire" iron fusible on the back of a small piece of red and black, peel the backing off, and cut freeform little bits to scatter and fuse above the portion of the EARTH. Write the word EARTH using a permanent marker.

The trumpet should be made out of the same fabric as those in block 25. I made the number 1 out of red fabric.
