

Block 27 – Revelation 8:8-9

Tips for Block

Make the sky grey; you may sew the grey sky and blue water together before cutting the background square, then add the blood red water surrounding the falling mountain,... Work from the background up. You may cut the flames on the mountain freeform if you wish.

Find fish and boats printed on fabric and iron fusible on the back of them, peel the backing and then cut them out. You will need 6 fish and 6 boats. Four of each will be placed on the water whole (and upright). The remainder 2 fish and 2 boats should be cut into pieces and clustered together to illustrate that 1/3 have been destroyed.

The trumpet should be made out of the same fabric as those in block 25. I made the number 2 out of the same blue fabric as the water.
