

Block 32 – Revelation 9:13-19

Tips for Block

Use a Teflon pressing sheet to build each "horse and rider". After all four are built, place them on the background block so that the first and fourth ones are in the location indicated above. The second and third ones should be placed in between the other two in such a way that the fire and smoke coming out of their mouths will be approximately where indicated above. Counting from the bottom, the first lion's head should have Sulphur (yellow) coming out of the mouth, the second fire, the third smoke, and the fourth Sulphur and fire. The tails are snakes made of two different striped fabrics. The forked tongues are drawn on with a permanent marker. Use different colors for the horses; I used black, tan, red, and black. Use different colors/types of hair on the riders, as well as different colored shirts (red, blue, yellow, blue). Use red/orange for the wings. Draw the ears and nose on the lion heads with a black permanent marker. Use a light mottled grey fabric for a background so the words will show up when you write on it.

The trumpet should be made out of the same fabric as those in block 25. I made the number 6 out of black fabric.
