

## Block 39 – Revelation 12:1-4

### Tips for Block

The dragon should be red. There are seven dragon heads each of which has a "horn" on the tip of the nose, three of the dragon heads have an additional horn for a total of ten horns. The wing should be a different shade of red that the dragon body. The center of the sun should cover the belly of the pregnant woman. According to the scripture the woman is wearing a crown of 12 stars; I have four depicted in the above drawing as it is a side view. You may embroider the stars, cut them out of fabric, or use a fabric pen; another possibility would be to use sequins or buttons. I forgot to embroider them on my original quilt.
