

Block 41 – Revelation 12:7

Tips for Block

Use a medium/dark blue fabric for the background of this block. I used a gray metallic fabric for the blades of the swords. The dragon above has crowns on the heads; however, when I made my original quilt, I left the crowns off in this block. You may choose to do the same thing. One arm of the dragon is holding a sword and the other is not. Most of the handle of the sword is covered up by the arm holding the sword. I used the same fabrics for the various parts of the dragon in this block as I did in Block 39.
