

Block 44 – Revelation 13:11-18

The beast's number is

666

Tips for Block

Use a background fabric that resembles grass or land. Use white for the sheep's fur. I used a deep red for the legs and head of the wolf and the number 666. Use black for the ears and gold or brown for the two horns. The words above the 666 and the eye can be drawn on using a permanent marker or they can be embroidered if you prefer. Use a slightly oversized piece of white fabric for the teeth and draw the teeth in it after it is in place in (behind) the wolf's mouth.
