

Block 57 – Revelation 16:14-16

Tips for Block

Use a red fabric for the background and black for the letters. For the black letters, either use a metallic silver or gold marker on the fusible side of the fusible web OR use black as normal and, before ironing it on the fabric, use a pencil to trace the letters on the paper side of the fusible web. Then after ironing it on the fabric, do NOT peel off the paper until after cutting out the letters following the penciled lines. Cut three frogs resembling those used in block 56 to place around the outside of the square. (Note: you will only use part of each of these frogs.) Fussy cut ten small assorted heads of people to represent the kings of the earth; make various style of crowns from gold fabric for their heads. See photo of finished block.
