

Block 60 – Revelation 17: 9-12

Tips for Block

Use a medium/dark fabric for the background square. Use the same light color for the numbers, letters and equal signs. The crowns should be made out of gold and placed on a fussy cut head. Use two heads like the ones you used in block 57. Make the hill out of your choice of fabric that will contrast nicely with the background. The triangle horn should be gold. If you were able to fussy cut the cat's heads for block 59, do one for this block. If not, use the cat design on this block to create a cat's head for this block and 7 more for block 59.
