

Block 74 – Revelation 20:7-8

Tips for Block

Use a dark fabric for the background square. Make the world out of a blue and green fabric. Use the same fabrics for the dragon as on the other blocks. Use black or dark fabric for "Gog" and "Magog". "Satan released" should be in a color that contrasts well with the background. NOTE: Construct the dragon whole and then place it on top of the world in the position indicated above.
