

Block 84 – Revelation 22:13

Tips for Block

I used a medium yellow gold for the background of this block and various fabrics for the different names. (Note: Some of the fabrics had a special significance to me, i.e. "End" was done in the primary backing fabric, while "Alpha" was one of the first three fabrics we were given that had to be included in the quilt.) The "and signs" are written on the block using a black permanent marker.
